## *Website Resources*

**<http://www.municode.com>** - Lists ordinances from almost all 50 states in the U.S.

**<http://lee-county.com/npdes/oldhtm/report.htm>** - Lee County's website allows the public to report illicit discharges online.

**<http://www.ci.greensboro.nc.us/stormwater/Quality/pollutionreporting.htm>** - City of Greensboro, NC also has a website to report illicit discharge.

**[http://www.clearwater-fl.com/City\\_Departments/public\\_works/engineer/stormwater/report\\_discharge.html](http://www.clearwater-fl.com/City_Departments/public_works/engineer/stormwater/report_discharge.html)** - City of Clearwater, FL has a website describing illicit discharge and how to report it.

**[http://www.metrocouncil.org/environment/Watershed/model\\_sw\\_ord.txt](http://www.metrocouncil.org/environment/Watershed/model_sw_ord.txt)** or  
**[http://www.metrocouncil.org/environment/Watershed/model\\_sw\\_ord](http://www.metrocouncil.org/environment/Watershed/model_sw_ord)** - The Metropolitan Council developed a model stormwater management ordinance, available on the web in both PDF and text formats.

**<http://www.stormwatercenter.net>** or **<http://www.cwp.org>** - The Center for Watershed Protection provides two websites to help users custom-design stormwater ordinances to suit their local communities. On either website, click on the Ordinances section for a

menu of categories, which include Post-Construction Runoff, Erosion and Sediment Control (ESC) and Operations and Maintenance, among others. Each category includes a model ordinance, examples of ordinances from various municipalities and explanation of the reasoning and goals of the regulations.

**<http://www.epa.gov/owow/nsp/ordinance/index.htm>** - EPA website offers “Model Ordinances to Protect Local Resources”.
